"The highest function of education is to bring about an integrated individual who is capable of dealing with life as a whole."

- Jiddu Krishnamurti

Nirmala Institutions

Nirmala Institutions, a proud establishment since 1954, was set out with the objective of creatively contributing to the betterment of society. Nestled in the verdant plains of Chalakudy, in a serene atmosphere conducive to academic pursuits, Nirmala welcomes students to its liberating pedagogy, to its diverse undergraduate and postgraduate programmes that endow students with inclusive and empowering learning opportunities required to flourish as creative citizens in a technology-based, ever-evolving world. The students of Nirmala are part of an extensive student body of more than 4000 students who are guided by efficient and resourceful faculties. With a vibrant campus spanning over 25+ acres of land, the institution offers state-of-the-art infrastructure and facilities through its five reputed colleges. An activity oriented holistic learning approach, extensive industry partnerships, impeccable placement records, strong alumni network etc are few of our unique strengths.

NIRMALA

Vision

Our vision is to become a name synonymous with excellence in higher education by adopting an 'education beyond textbooks' approach that leads to the holistic development of our students across all four planes of their existence namely physical, emotional, intellectual, and spiritual.

Mission

- To provide a constructive environment safe for students to understand, discover and unleash their true potential.
- To deliver and sustain quality education that inculcates a sense of humanism through learning, research and extension using avant-garde technology.
- To promote innovation, employability, and entrepreneurship among our students by means of collaborative programmes with industry.
- To mould responsible global citizens capable of making effective contributions towards the nation building process.

Almost everything around us, the various things we see and touch are the creations of influential engineers. Nirmala College of Engineering was founded with a vision to expand the spectrum of skilled engineers. We provide innovative and research-based programmes that prepare students to create breakthroughs in shaping the world. With our excellent infrastructure and seasoned faculty, we strive to consistently add new dimensions to the vast and limitless sea of technological revolution.

COURSES:

Artificial Intelligence & Data Science
Computer Science | Civil | Mechanical
Mechatronics | Electronics & Communication
MCA (Master of Computer Applications) *

Add-on Courses

Robotic Automation - Mechatronics
QA/QC/MEP - Mechanical
QA/QC/Quantity Surveying - Civil

* Upcoming Course

Eligibility:

Candidates who have qualified in both the Higher Secondary Examination (or equivalent) and the KEAM entrance examination are eligible. Candidates are expected to acquire a minimum of 45 % marks in three subjects combined: Physics, Mathematics, and one of the following - Chemistry, Computer Science or Biology. For NRI seats, KEAM entrance qualification is not mandatory.

Highlights

- Enhanced employability through additional certifications
- Personality development programmes
- Placement training & assistance
- Career counselling
- Well-equipped lab facilities
- Highly qualified faculty
- Vast Digital library

Life would have been barren if there was no art to supplement our aesthetic needs and science to aid our lives in general. Being few of the pillars of our society, the role of arts and science in the evolution of humanity is inestimable. **Nirmala College of Arts and Science** offers undergraduate and postgraduate courses with the vision of creating professionally competent, socially responsible and morally sound students who explore new vistas of excellence in the field of arts and science. Our aim is to optimize the young minds' intellectual potential by empowering them with a fine balance of guidance, freedom, and opportunities to engage with novel learning experiences.

Highlights

- Exclusive coaching for communication skills & personality development
- Excellent academic results and healthy academic environment
- Skill development programmes to enhance employability of students
- Webinars, seminars and workshops with eminent personalities
- Guidance for competitive exams
- Activity oriented curriculum that enables soft skills development
- Excellent placement records

"Conversations at Nirmala" is a flagship programme at Nirmala Institutions that aims to provide a dynamic platform for our students to engage in meaningful dialogues with exceptional individuals that are maestros in their respective fields. By empowering students with opportunities to interact with and directly learn from the very best, we awaken in them a level of inspiration that has a profound impact on their dreams. These interactions not only inspire our students to challenge themselves, but also play a key role in moulding Nirmalites to be capable leaders of tomorrow. **"Conversations at Nirmala"** was inaugurated by Dr. Shashi Tharoor on 10th January 2023.

₹1 Crore SCHOLARSHIP FOR COLLEGE EDUCATION

Sri. Varghese Vattoly, dearly known to the people of Chalakudy as Vattoly Maash (1933-2003), is the founding father of Nirmala Institutions. He played an influential role in opening the vista of higher education in his hometown of Chalakudy. Believing in the power of education to uplift and empower the community, Sri. Varghese Vattoly established Nirmala College in 1954. Providing accessible, non-discriminatory, and quality education was his sole mission. His life motto, 'Knowledge is Power' is zealously upheld by every college and institution under Nirmala till date. In his memory, Nirmala Institutions proudly award VVM scholarships every year.

About VVM Scholarship

Varghese Vattoly Memorial Scholarship is a Rupees One Crore Scholarship Initiative by Nirmala Institutions to provide free college education to deserving and gifted students who wish to study in our prestigious colleges. The scholarship is transparent and merit-based and covers 100% of the course fee for selected students.

Hostel Accommodation

At Nirmala, we strive to provide a nurturing and enriching environment for our students. As an integral part of our commitment to student well-being and convenience, we offer safe and comfortable hostel accommodation facilities. Designed to be a home away from home, our hostels foster a sense of community and belonging among our students. We deliver such hostels in association with numerous authorised partners located near our campus. These partners are carefully chosen based on their ability to provide our students with a secure environment that supports their academic pursuits. We also conduct regular inspections to ensure that the hostels maintain high-quality standards.

College Bus service

At Nirmala, we understand the importance of accessibility and convenience for our students. To ensure a hassle-free commute, we proudly offer a reliable and efficient college bus service. Our dedicated fleet of buses operates on well-planned routes, covering a wide range of locations. With regular and punctual schedules, students can rely on our college bus service to arrive safely and on time for their classes. This not only helps them minimise the stress of navigating public transportation or commuting through traffic, but also offers an opportunity for students to interact and build connections with their peers, fostering a sense of camaraderie within the wider community of Nirmalites.

HEAR FROM OUR STUDENTS

Adwaith Antony

Nirmala Institutions offers a blend of learning, amusement and integration of enduring principles. As a Computer Science student, it has given me a wide perspective of the field thereby providing me with ample opportunities to learn something new in every subject. What amazes me is the plethora of extracurricular activities that the college offers, hence compelling the students to explore and pursue his/her extra talents. The Institute manages both areas extremely well and a student always finds himself in a pool of never-ending opportunities. I thank Nirmala College and its placement cell for helping me get offers from reputed companies like Infosys, TCS, Accenture, Wipro, Capgemini, Sutherland and Innovature.

C P Navaneeth

I joined here in expectation of a MBA degree, but what I received is a transformation into a business professional who is ready to take up challenges in the corporate world. From the world of making excuses, the program has turned me into the professional who make things done. One of the main reasons this transformation can be attributed to are the extra sessions conducted every alternate day during our course which equipped me with industry relevant skills and a positive attitude

Aleena Mariya Saju

I got placed in UST Global. Earning a job before stepping out of college is one of the best things that I can accomplish. I am grateful for the enormous amount of training and support from our teachers and placement cell. They subverted me to improvise my interpersonal and technical skills which paved the way for the success.

Vishnu Raghavan

Proud to be a student of Nirmala College of Arts and Science, where I got the opportunities to hone and improve my skills. I would like to thank all the teaching and non-teaching staff for their support & encouragement. Special thanks to the placement team for their unyielding support which helped me to secure my placement in Wipro and Infosys.

Sariya M P

I am extremely pleased with the fact I have been able to crack interviews of multiple companies. I received offer letters from BYJU'S, PENTAGON SPACE and a couple of other companies as well. I would like to credit our placement team for this as I truly believe it was due to the weekly placement sessions we had for mock interviews, resume preparation, and personality development that helped me perform well during the placement.

Swathy Sathish K

I got placed in Tata Consultancy Services as Assistant System Engineer. The Placement Cell of our college has done an excellent job in providing us with a wide range of placement opportunities. Personally, it gave me tremendous exposure to the job opportunities outside the box.

OUR TOP RECRUITERS

And many more...

OUR GLOBAL UNIVERSITY PARTNERSHIPS

At Nirmala Institutions, we create leaders who transcend borders, build connections and strengthen communities all around the globe. We have partnered with 700+ universities across 26+ countries with a vision to provide students with multiple opportunities that allow them to be a part of the global education ecosystem. They explore and grow holistically through our articulation and exchange programmes, various global research projects, and multiple interactive sessions with renowned foreign university faculties.
